The 14 brings a calm that people notice.

In a meeting that is heating up, you are often the one who slows the debate, rephrases the positions, and proposes a solution acceptable to everyone.

Karmic tail “World of passions and tales”

According to the method, in a previous existence the soul had to choose between two paths: a secure, mutual romantic bond, but one so quiet it seemed to lack flavor, and the pursuit of the pleasures of the body.

It would have opted for a varied sexuality, boiling passions, and daring of every kind, giving in to its deepest desires.

Script: Escape from reality

The person who has gone through these earlier experiences tends to settle into a world of illusions.

The new strategy comes down to one principle drawn from the lesson: at each crossroads, give priority to the relationship over the excitement of the moment.
